FOR DESIGNERS

DELIVER INNOVATIVE IDEAS IN PRINT, WEB, INTERACTIVE, AND MOBILE DESIGN

Unleash your creativity, work fluidly across media, and produce exceptional results. Creative Suite 5 Design Premium software is the ultimate toolkit for designers to realize their creative vision in print, web, interactive, and mobile design.

Explore new creative possibilities—Achieve beautiful painterly effects with lifelike brush strokes and expressive vector-painting tools, or easily create eye-catching 3D artwork.

Express your ideas faster—Work faster and more intuitively than ever before using more precise image selection tools in Adobe Photoshop Extended, variable-width strokes in Illustrator, and intuitive object selection features in Adobe InDesign.

Deliver interactive content without writing code—Use new Adobe Flash Catalyst CS5 to transform Photoshop and Illustrator artwork into high-quality interactive content and navigation components.

Maximize design time—Streamline critical non-design tasks with Adobe CS Live online services* that link your desktop design software to the Internet to boost efficiency in day-to-day design and production.

*CS Live online services are complimentary for a limited time.

ADOBE CREATIVE SUITE 5 DESIGN STANDARD

FOR PRINT-CENTRIC DESIGNERS
AND PRINT PROFESSIONALS

CREATE OUTSTANDING PRINT DESIGN, EVEN UNDER THE TIGHTEST DEADLINES

Creative Suite 5 Design Standard is tightly integrated professional software for delivering distinctive print design in marketing collateral, magazines, books, packaging, and more. Achieve exceptional quality even under the tightest deadlines.

Get faster results without compromising quality—Meet stringent deadlines with enhanced object selection and editing, more precise image selection, perspective drawing, and a host of other timesaving features.

Revolutionize everyday creative work—Add impact to print designs using tools that let you create scalable vector artwork with the nuance and subtlety of fine art and enhance photographs with painterly effects.

Save time on repetitive tasks—Manipulate frames and frame content without switching tools. Dynamically adjust white space between objects. Use on-object controls to modify frame corners directly in the layout.

Streamline project review—Quickly initiate and share a review from within your design software with Adobe CS Review, a new Adobe CS Live online service.*

*CS Live online services are complimentary for a limited time.

ADOBE CREATIVE SUITE 5 WEB PREMIUM

FOR WEB DEVELOPERS, INTERACTIVE
DESIGNERS, AND RIA+ DEVELOPERS

REDEFINE THE EXTRAORDINARY IN WEB DESIGN AND DEVELOPMENT

Creative Suite 5 Web Premium software is the comprehensive solution for producing standards-based websites and immersive digital experiences. With the complete Adobe Flash family of tools, you can design and develop content for delivery virtually anywhere.

Deliver content virtually anywhere—Use Adobe Device Central for enhanced device testing. Distribute, track, and monetize applications on social networks, mobile devices, and desktops via Flash Platform Services.*

ADOBE CREATIVE SUITE 5 PRODUCTION PREMIUM

FOR VIDEO EDITORS AND MOTION
GRAPHICS/VISUAL EFFECTS ARTISTS

USE HIGH-PERFORMANCE PRODUCTION TOOLS TO CREATE ENGAGING CONTENT FOR VIRTUALLY ANY SCREEN

Creative Suite 5 Production Premium software gives you unprecedented power to produce engaging media for virtually any screen. Breakthrough native 64-bit performance, GPU acceleration,† and native editing of tapeless formats accelerate workflows from scriptwriting through post-production.

Work dramatically faster—Accelerate workflows with the revolutionary native 64-bit, GPU-accelerated† Adobe Mercury Playback Engine. Open projects rapidly and create multilayer, effects-rich sequences without rendering.

Create eye-popping images—Paint more naturally with new painting tools, cleanly remove unwanted objects, and create 3D logos by extruding any text layer, Smart Object, selection, or layer mask.

Speed up production and post-production—Use Adobe Story, a new Adobe CS Live online service* to collaborate on scriptwriting, create shot lists, and develop rough cuts.

Work with virtually any format—Maintain pristine image quality while editing in the latest tapeless formats and video from DSLR cameras like the Canon 5D Mark II and 7D; Nikon D90, D300s, and D3000; and others.

*CS Live online services are complimentary for a limited time.

† Supported NVIDIA graphics cards for GPU acceleration include Quadro CX (Windows), Quadro FX 3800 (Windows), Quadro FX 4800 (Windows and Mac OS), Quadro FX 5800 (Windows), and GeForce GTX 285 (Windows and Mac OS). For an up-to-date list of supported cards, visit www.adobe.com/go/64bitsupport.
